September 1, 2020

Project title:
VCC Promise Fund

Report on funds granted in fall 2019

Your generous gift of \$29,015 last October helped subsidize the expense of caring for residents who have outlived their resources due to no fault of their own. From the bottom of our hearts, thank you.

Spring 2020 Grant Request

For the upcoming grant cycle, Vashon Community Care is respectfully requesting \$75,000. **These funds will be used to help cover the cost of care for residents who currently reside at VCC who have outlived their financial resources.**

We believe this request fits well with Granny's mission of contributing to healthcare for Vashon's residents by allowing seniors to stay at home at VCC, near their loved ones, receiving the best care possible as they age. With COVID, VCC has provided a safe haven for residents and relief for their families who are not able to care for them.

VCC has become a living room for kinship. Many of our residents have lived on Vashon for decades or have children who call Vashon home. By living under one roof they now get to rekindle old friendships or build new ones. Their camaraderie is what VCC is all about.

How will your gift impact VCC's residents? Long ago, VCC made a promise to never turn away any resident who lives here because of inability to pay. To keep this promise, we need the help of the Vashon community to support an ongoing "Promise" fund that will help cover the cost of care for our residents who have outlived their resources.

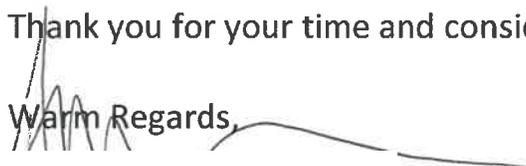

How will your gift impact the Vashon community? Our island is changing. We are seeing more wealth and higher property taxes. This is a daunting challenge for seniors on fixed incomes, many of whom built this community. We want to be sure that they have a home here, no matter what their financial situation.

We would greatly appreciate Granny's help in providing a safe and happy haven for our residents, regardless of their financial resources.

We are tremendously grateful to Granny's for making it possible for VCC to remain on Vashon, offering the best care possible to the people who need it most.

Thank you for your time and consideration.

Warm Regards,

Vashon Community Care
